

PROJECT PROFILE

Department of Prime Minister & Cabinet

Australian Government
Department of the Prime Minister & Cabinet

Client

The Department of Prime Minister & Cabinet

Project

The Department of Prime Minister & Cabinet is responsible for a large portfolio of properties that provide accommodation for government agency workers. These properties are situated in remote areas in the Northern Territory, Queensland and Western Australia.

Scope

- Provision of OmTrak Site Works and Documents
- WebFM Consulting
- MPlan

Value Added

WebFM, MPlan and OmTrak provided an efficient way of managing;

- A condition assessment of all properties to identify any maintenance requirements
- A compliance audit on all buildings to ensure safety
- An assessment of each properties structural capacity to withstand cyclones
- An evaluation of the replacement value of each building
- A physical location survey to ensure each property is positioned within boundaries
