BUILDING  
INFORMATION  
MANAGEMENT

### Client

Fugen Constructions Pty Ltd and NSW Health

### Project

The Prince of Wales Hospital redevelopment has been allocated \$720 million. Project planning began in 2015 and construction is in progress. By 2022 the hospital will have;

- A new adult Emergency Department
- An expanded Psychiatric Emergency Care Centre (PECC)
- An expanded Intensive Care Unit
- Ten inpatient units (IPUs)
- New operating theatres
- An expanded Central Sterilising Service
- A medical assessment unit supporting the delivery of care in the patient's home
- A new helipad
- Education and research spaces for clinical research and innovation.

### Scope

- OmTrak Documents, O&M Manuals
- OmTrak Siteworks
- Training and Support

### Value Added

One central system to efficiently manage construction, assets and defects. Accurate project hand over documentation for Facility Management.
