

PROJECT PROFILE

Christchurch Central Library (Turanga)

OmTrak

BUILDING
INFORMATION
MANAGEMENT

Client

Christchurch City Council - New Zealand

Project

A \$93m five-storey facility set to be the most modern public library in the southern hemisphere.

Scope

- OmTrak Documents and Siteworks
- WebFM Consulting

Value Added

The new library was one of many Christchurch City Council projects that used OmTrak to efficiently manage construction. OmTrak centralised data for contractors and enabled them to access all documents needed to work on complex designs and multi million dollar state of the art facilities.
