

## PROJECT PROFILE

# Moorebank Units Relocation Project

### Client

The Department of Defence - Moorebank NSW

### Project

The Department of Defences Moorebank Barracks in Sydney needed to be completely demobilised and relocated to a new site at Holsworthy. The largest single Australian Defence capital works project to be undertaken in over 70 years.

### Scope

- Provision of OmTrak Site Works and Documents
- WebFM Consulting.

### Value Added

The efficient management of documents, builders, contractors and defects in the construction phase and the delivery of O&M. The project included the removal or rebuilding of 146 separate buildings. This comprised of 13 Defence Units and 4 Defence facilities. Including;

- An accommodation precinct
- The School of Military Engineering
- A state-of-the-art pool and gymnasium
- The entry precinct
- The training and brigade precinct
- Civil infrastructure, such as roads, ovals and car parks
